1.	Principles of static's	1
2.	Elements of a Force	12
3.	Centre of Gravity	12
4.	Stresses	14
5.	Shear	14
6.	Bending Moment	15
7.	Reactions	15
8.	Concrete	16
9.	Cement Aggregates	17
10.	Coater	17
11.	Curing Concrete	18
12.	Civil Engineering	18
13.	Parts of a Building	19
14.	Hydraulics. Compressibility of water	19
15.	Oils and their Characteristics	20
16.	Texture and structure of Soils	24
17.	Definition of soil Properties	25
18.	Bearing Power of Soils	26
19.	Types and Bearing Power of Soils	27
20.	Improving Bearing Power of Soils	27
21.	Shipping Ports	28
22.	On Port Developing Police	29
23.	Choice of the Site	29
24.	Preparation of Master Plan	30
25.	Port and Port Structures	31
26.	Odessa Port	32
27.	Ilyichevsk	33
28.	Breakwaters	33
29.	Jetties	34
30.	Forms of Quays	34
31.	Revetments	34
32.	Retaining Walls	35
33.	Reinforced concrete Walls	36

34.	Calculation for Retaining Walls	36
35.	General Cargo Quay.....	38
36.	Construction of the Port of Tema	39
37.	First steps of Post-War Recon struction of Polish ports.....	40
38.	Pier Construction at Adler	45
39.	Types of Foundations	46
40.	Piles and Pile Foundations	47
41.	Concrete Piles.....	50
42.	Test of Bearing Capacity	51
43.	Pre-stresses Hollow Concrete	52
44.	Cased Piles	52
45.	Fendering	53
46.	Repairing concrete Piles.....	54
47.	Pile Driving in Soft Ground.....	56
48.	Hydroelectric Power-station	58
49.	Hydroelectric Engineering. Choice of Location.....	60
50.	Solid Gravity Concrete Dams.....	62
51.	Causes of Failure	64
52.	Forces acting on Dams (1)	64
53.	Forces acting on Dams (2)	66
54.	Concrete for Dams	68
55.	Arch Dams. Types of Arch Dams.....	70
56.	Buttressed Concrete Dams.....	73
57.	The Downstream Apron.....	74
58.	Earth Dams	75
59.	Requirements for the safety.....	79
60.	Bratsk Hydroelectric-station.....	80
61.	Text A. Dam Safety	82
62.	Text B. Dam Safety	84
63.	Civil Engineering	85
64.	Testing of Materials	87
65.	Русско-английский тематический словарь	89
66.	Англо-русский словарь	92
